Middlebury Alternative Breaks (MALT)

All members of MAlt participate in Alternative Break Service Trips to places like El Salvador, Mexico, San Francisco, and Burlington. We work on a variety of issues, including community development, sustainable agriculture, national parks management, refugee resettlement, border rights, literacy, and more. All trips are led and proposed by student leaders with support from the Alliance for Civic Engagement.

Psychology Club

The Psychology Club is a group of Psychology majors, minors, and general enthusiasts working together to strengthen the presence of Psychology related issues on the campus. We do this through sponsoring guest lectures, screening psychology related films, as well as by providing a general intellectual and social atmosphere in which to discuss issues in the field.

Women's Rugby

This year, the Women's Rugby Club was undefeated in its league season, and we were the runner-up champion in its division. We also went to Ireland this winter break on a Rugby Tour to learn more about our sport overseas, and we had a great time while there. As we headed into our spring season, we put all of our lessons learned from the fall and Ireland into practice.

We were ranked first in the country for Division II for 6 months by the press-pole. We also qualified for the National Championship Tournament this year and are seeded 3rd. MCRC has not only enjoyed great success this year, but also unprecedented participation levels. The future for the club has never looked brighter.

Parliamentary Debate Team

The Parliamentary Debate team competes in monthly debate tournaments on the American Parliamentary Debate Association (APDA) circuit. It is a partner event, so we debate in pairs. Debate topics change each round, and are not set ahead of time, so contestants must be versatile and think quickly on their feet. Some tournaments we attended this year were: the Harvard tournament, Yale tournament, BU tournament, Stanford tournament, and the UChicago tournament. Additionally, we host an APDA tournament on campus each J-term, and this year our tournament had a lumberjack theme, celebrating the best of Vermont.

Newman Club

The Newman Club is Middlebury's Catholic student organization. Each week we have an on campus mass, and we organize a number of unique activities throughout the year including retreats, frequent service projects, group dinners, and activities with Middlebury's other religious organizations. The Newman Club also works closely with the Pastor of St. Mary's Church and the Middlebury community. Students from the college teach confirmation classes at St. Mary's and help with Church sponsored events. Other volunteer opportunities include working with the local immigrant population and helping at several nearby emergency shelters. As a club, our goal is to support Catholic Middlebury students spiritually, to create a sense of community on campus, and offer opportunities to serve the local population.

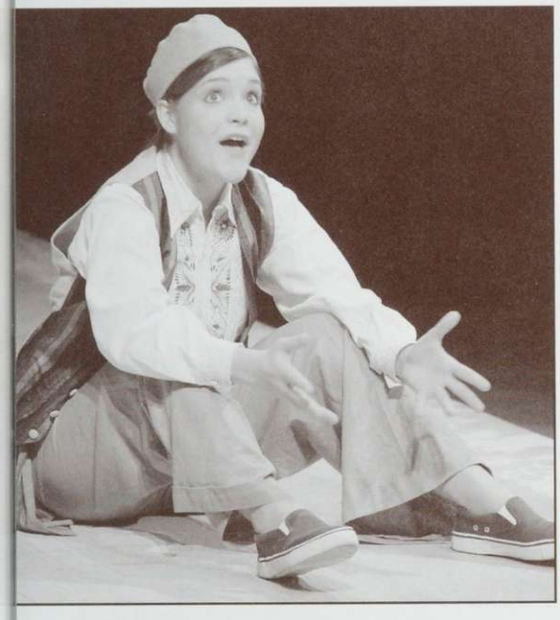
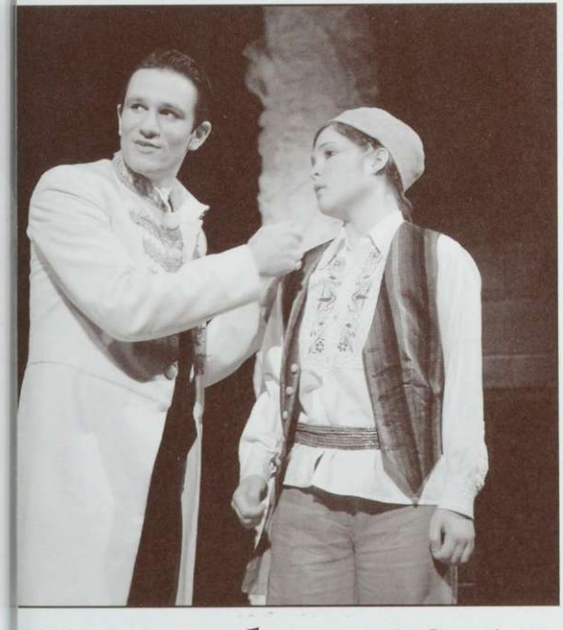
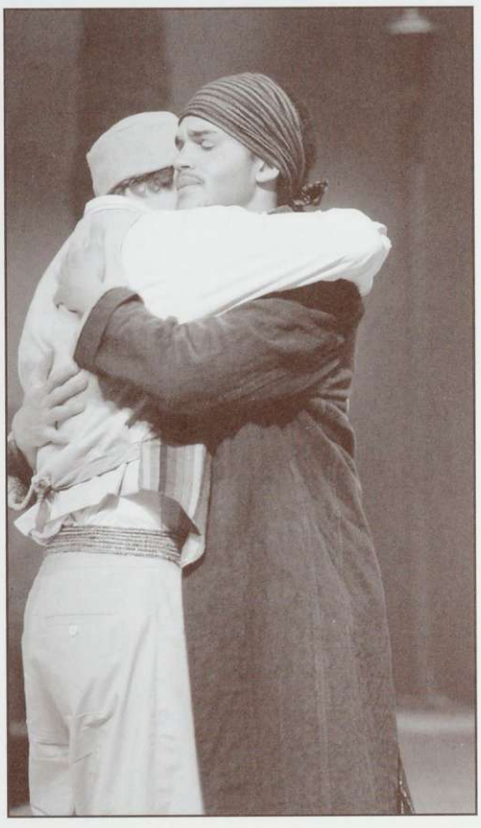
Twelfth Night







Duke Orsino:
If music be the food of
love, play on;
Give me excess of it, that,
surfeiting,
The appetite may sicken,
and so die.
O, it came oer my ear
like the sweet sound,
That breathes upon a
bank of violets,
Stealing and giving
odour! Enough; no more:
Tis not so sweet now as it
was before.
O spirit of love! how
quick and fresh art thou,
That, notwithstanding thy
capacity
Receiveth as the sea,
nought enters there,
Of what validity and
pitch soeer,
But falls into abatement
and low price,
Even in minute: so full of
shapes is fancy
That it alone is high
fantastical.

Environment as a bridge to peace in the Middle East

Living together at Kibbutz Ketura with people of different religions, races and backgrounds is one of the five reasons why Arava Institute for Environmental Studies truly builds peace.

"It's a community of cooperation," Cohen explained. "There is a communal dining room, a communal laundry. There is a tolerance in pluralism, in living in diversity."

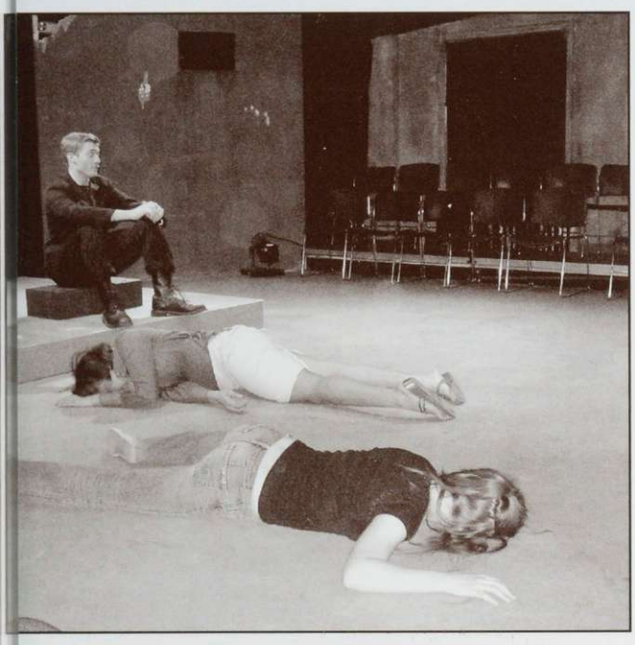
F*ckpigs and C*ckroaches



The original goal was to explore concrete cases of dehumanization, extreme violence, and the circumstances that lead to these situations. this initial desire, which still lies at the core of this piece, slowly evolved into something that is simpler in form yet has a more complex effect: exploring extremes of power and powerlessness through human relationships, interactions, and emotions.

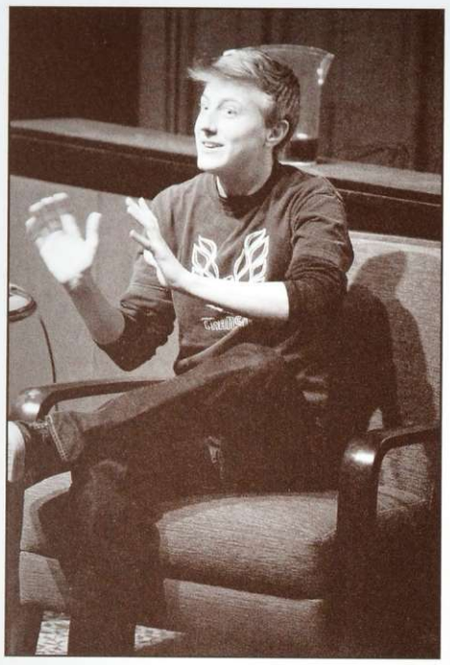
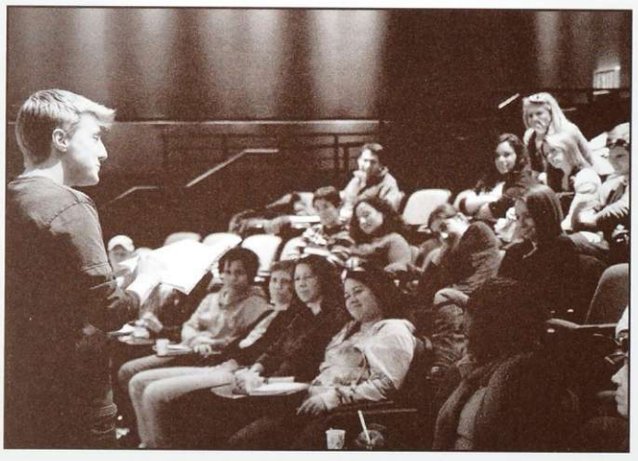
Scott Turner Schofield



January 22



Which of these words would you use to describe me?" he asked. After some sheepish seconds and a few mumbled audience responses, Schofield launched into what he called "the nuts and bolts." He is a man who was born a woman. Although he has not yet undergone (and may never undergo) expensive and complicated "bottom surgery..." he has been injecting testosterone for years and is convincingly male in appearance. He is a "lesbian-turned-straight guy" as his books' dust jackets concisely state. However, his journey through the maze of gender and sexual identity has been far from direct. Schofield's work is based in the psychological, emotional and philosophical effects of that journey.

Obama's grassroots organization and innovative Web campaign is credited with inspiring young and first-time voters to participate heavily in the election.

The values, fashion and personal vitality of the Obama family resonate with Americans. Public interest in the first family rivals that of the interest in the Kennedy family in the 1960s.

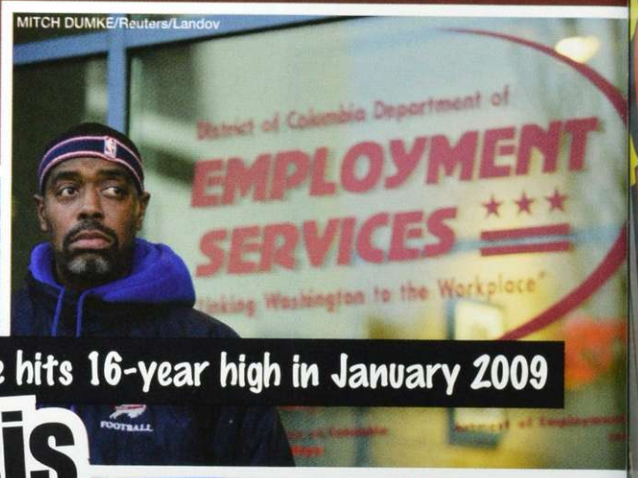
Economic Crisis

World News

Stocks plummet as years of excess in the U.S. housing market and lax supervision of financial institutions contribute to the greatest economic crisis since the Great Depression.



Unemployment rate hits 16-year high in January 2009

With buying power declining in the consumer marketplace, companies nationwide are forced to lay off workers. The national unemployment rate hits 7.2 percent in December and is rising steadily. The hardest hit states are Michigan, Rhode Island, California and South Carolina.

Detroit's struggling "Big Three" automakers, General Motors, Ford and Chrysler, request and are eventually offered a bailout package of just over $17 billion in December.

GOING OUT OF BUSINESS

Many retailers are forced to file for bankruptcy or go out of business after being unable to rebound from the harsh economy and a very disappointing fourth quarter of 2008.

The world's "hot spots" center around the Middle East. Israel mounts a major offensive against Hamas in Gaza, the United States continues to oppose the Taliban in Afghanistan and insurgents in Iraq, and in August, Russia attacks its southern neighbor, Georgia, in a dispute over western influence in the area.

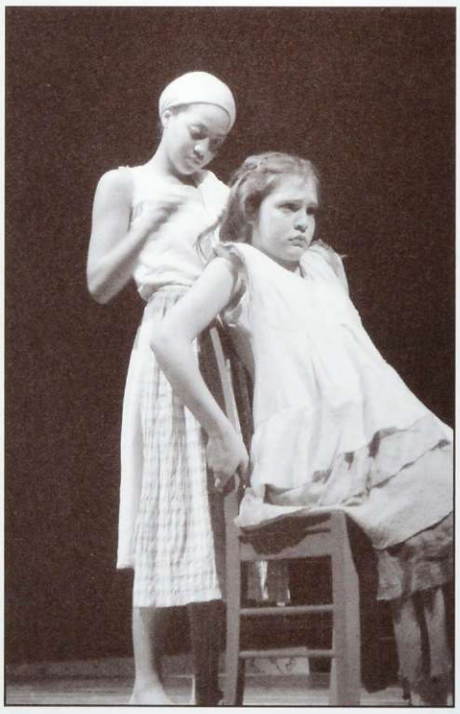
After Mrs. Rochester



Jean Rhys maintained that her stories and characters were fiction not autobiography. Yet her life is easily recognized in her work: her childhood as a white Creole in Dominica, her affairs, her mother, the inner struggles of a Creole woman displaced from her home land and often lost on the edge of sanity and poverty in England and Paris. In a style ahead of her time, Rhys wrote as we speak and think, of life as she knew it. Rhys gave a voice to the other woman, the chorus girl, the single woman, the foreigner, the madwoman in the attic, women used and written about by men, but condemned as that sort.

What is Success?

To laugh often and much;
To win the respect of intelligent
people and the affection of children;

To earn the appreciation of honest critics
and to endure the betrayal of false friends;

To appreciate beauty;
To find the best in others;

To leave the world a bit better, whether by
a healthy child, a garden patch
or a redeemed social condition;

To know even one life has breathed
easier because you lived;

This is to have succeeded.

- Ralph Waldo Emerson
